Description

The CORSAIR K68 RGB ultra durable mechanical keyboard combines vivid per key RGB backlighting, up to IP32 water and dust resistance, and 100 percent CHERRY MX key switches. Create stunning dynamic lighting effects and game changing macros in CORSAIR Utility Engine (CUE) software to match your style and give you an in game edge. Dedicated volume and multimedia controls allow you to adjust your audio without interrupting your game, and 100 percent anti-ghosting with full key rollover guarantees your commands and simultaneous keystrokes always register. A dedicated Windows Key Lock mode ensures interruption free gaming, while a removable wrist rest provides optimal comfort however you game. Whatever happens while you game, you'll be able to play on.

Features

- Vivid RGB backlighting offers virtually unlimited lighting customization, or use a variety of on board pre-installed effects for instant illumination
- Dust and spill resistant design rated up to IP32 protection, helps defend against accidents so your gameplay never has to stop
- 100 percentage gold contact Cherry MX mechanical gaming key switches deliver the ultimate performance and competitive advantage
- Corsair Utility Engine (CUE) software controls sophisticated macro programming and stunning dynamic lighting effects
- 100 percentage Anti ghosting with full key rollover ensures your commands and simultaneous keystrokes always register the way you intended
