\$229.99

## Product Images

## Short Description

---

CORSAIR K95 RGB PLATINUM features CHERRY MX Brown keyswitches backed by a lightweight aluminum frame.

## Description

---

CORSAIR K95 RGB PLATINUM features CHERRY MX Brown keyswitches backed by a lightweight aluminum frame. 8MB profile storage with hardware macro and lighting playback enable profile access independent of external software. Utilize the 19-zone LightEdge to add to dramatic animations and effects. Take advantage of the 6 programmable G-keys for in-game macros. 100% anti-ghosting with full key rollover on USB ensures every keystroke translates directly into accurate gameplay. USB pass-through port provides convenient access to an additional USB port for your mouse or headset. Dedicated volume and multimedia controls allow you to adjust your audio without interrupting your game.

The MM800 RGB Polaris builds on the foundation of Corsair mouse pads excellence in durability, tracking, and precision and adds a new level of LED immersion. An integrated USB pass-through port frees up a valuable USB port on your system. A low friction micro-texture surface combines with ample surface area (350mm x 260mm x 5mm) for pixel-precise tracking. Use the CUE interface to take control of 15 individual RGB zones, powered by true PWM lighting to display the most accurate color reproduction, and synchronize each of the lighting zones with other Corsair RGB products to complete the ultimate gaming setup.

## Features

---

- Aircraft grade anodized brushed aluminum frame: Built to withstand a lifetime of gaming. Lightweight and rugged durability, necessary for a keyboard that's going to see a lot of action
- 8MB profile storage with hardware macro and lighting playback: Allow access up to three stored profiles on the go, independent of external software
- Dynamic multicolor per key backlighting with Light Edge: Adjust each key's color and illumination level in addition to 19 zones on the top edge light bar for sophisticated and dramatic animations
- 100percentage CHERRY MX Brown RGB mechanical key switches: Light tactile feedback for fast performance and precise timing with less distraction
- 6 programmable G keys keys for in game macros: Assign single keystrokes or complex multi key combos to any of the 6 dedicated macro keys
- Wrist Rest Included, detachable, dual sided, with soft touch finish
- CORSAIR iCUE software enables vivid dynamic lighting control, sophisticated macro programming and full system lighting synchronization across compatible CORSAIR peripherals, coolers, fans and more
- 15 zone RGB LED customizable lighting
- True PWM lighting technology displays the most accurate color reproduction
- Built in USB pass through port for your mouse
- Low friction micro textured surface ensures fast, pixel precise tracking
- Non slip rubber base, 1.8M braided cable and durable construction
