Short Description

Feel your game's immersive audio with this multichannel Creative Labs Sound BlasterX Katana gaming sound bar.

Description

Feel your game's immersive audio with this multichannel Creative Labs Sound BlasterX Katana gaming sound bar. Its tri-amplified design provides accurate, room-filling sound, and it comes with a 5.25-inch subwoofer that produces clean, dynamic bass. Set an ambience with the programmable Aurora Reactive lighting system of this Creative Labs Sound BlasterX Katana gaming sound bar.

Features

Compatible with most audio devices with a 3.5mm output

Including most Mac and PC computers, smartphones, tablets and MP3 players for wide-ranging use.

75W total system power

Provides high-quality audio for your games, music and videos.

5.3" subwoofer

Provides rich, full-bodied bass.

Bluetooth connectivity

Allows you to wirelessly stream stereo audio stored on most Bluetooth-enabled devices.

1.3" tweeter

Offers crisp high frequencies.

Headphone jack

Enables you to connect a pair of headphones for private listening.
