PVC Rubber Grommets 0.25" I.D. Hole

$0.15

Product Images

Short Description

Rubber grommets are used to protect or cover through holes. They help eliminate sharp edges so your wires are protected and add aesthetic value to your application.

Description

Rubber grommets are used to protect or cover through holes. They help eliminate sharp edges so your wires are protected and add aesthetic value to your application. Perfect for those modding jobs where you are drilling holes in you case to route and hide wires and perfect for feeding water tubing through case walls. A must have for all hard core modders!

Specifications

- Material: Insulating PVC

- Size: 0.250 In. I.D.
- Color: Black
