Short Description

Mayhems X1 Eco-friendly coolant is based on a proprietary blend of refined vegetable extracts that are fully

biodegradable and have a very low order of oral toxicity.

Description

Mayhems X1 Eco-friendly coolant is based on a proprietary blend of refined vegetable extracts that are fully biodegradable and have a very low order of oral toxicity. Mayhems X1 is recommended for use in systems where an 'environmentally friendly' product is preferred. It also contains non-toxic (GRAS) multi-metal inhibitors formulated to protect water cooling equipment and associated systems against corrosion thus prolonging equipment life and thermal efficiency.

Mayhems X1 is not classed as harmful to aquatic organisms, is readily biodegradable and will not remain in the environment or pollute aquifers.

Before Using Mayhems X1 range

The system must be clean and have no chemicals of any kind left in the loop. There must be an absence of bleach, Bacterial Inhibitor and anti-corrosive inhibitors. We recommend you flush your system with [Mayhems Blitz kit](#) before use.

Features

Properties & Benefits

- Can be used with all of Mayhems Dyes to make your own colours.
- Blended with non-toxic corrosion & inhibitors for protection of Copper, Brass, Steel, Nickel and Aluminium. Proven to ASTM D3306 and BS6580 standards.
- Very low oral toxicity, less than propylene glycol.
- -8c freezing point (dependant on mix ratio).
- Generally Recognised as Safe (GRAS) by the US Food & Drug Administration as a food additive.
- Boiling Point: up to 100° C (pressure dependent).
- 85% Bio-degradable within 30 Days.
- Bitter taste additives to prevent consumption.
- Can be stored for up to 2 years (in a cool dry environment @25c).
- Made in the UK.

Specifications

	Mayhems
	Orange

	1 Liter
	Yes
	1x Mayhems X1 - Pre-Mix Coolant 1000ML
	No

Notes

Due to X1 being a reformulated Vegetable extract the colour of the coolant can vary from Clear to Straw Yellow in colour. When diluted this is not noticeable and has no effect on the performance of the coolant.
