Short Description

Mayhems 1.1 Meter Silicone Bending Cord 9.5mm OD for 10mm Petg and Acrylic Hard tubing

Description

Mayhems 1.1 Meter Silicone Bending Cord 9.5mm OD for 10mm Petg and Acrylic Hard tubing

Extreme temperatures -40°C to +200°C. Good electrical resistance and insulation properties.

FDA approved Silicone rubber cord is the preferred Perfect for bending PET-G and Acrillic Hard Tubing.

Tolerance of +/- 1mm

Features

- 1.1 Metre length
- 9.5mm Outer diameter
- For use with 10mm PETG and acrylic hard tubing
- Extreme temperatures: -40°C to 200°C
- FDA approved silicone rubber

Specifications

Colour: White

Material: Silicone (VMQ)

Cross Section Type: Circular

Hardness (Shore A): 60

Maximum Temperature (°C): 200

Minimum Temperature (°C): -40

Elongation at Break (%): 590

Tensile Strength (MPa): 10.5

Compression Set (%): 20

Additional Information

Brand	Mayhems
SKU	MSRC101
Weight	0.0300
Color	White
Tube Type	Silicon
Tubing Accessories Type	Bend Chord
Tube Size	10mm
