Mayhems Coolant Dye -UV Yellow Green 15ml

\$7.99

Product Images

Short Description

Mayhems Dyes are the ideal choice for creating a unique colour within the customers Watercooled system.

Description

Mayhems Dyes are the ideal choice for creating a unique colour within the customers Watercooled system. The aforementioned are also known for being the brightest dyes currently available on the market. In addition we also encourage the end-user to mix and match differing colours in order to achieve their own variation.

For use with any distilled, deionised or clear premix fluid, makes Mayhems Dye a very flexible product indeed.

Instructions:

- 1. Clean water cooling loop before use
- 2. Fill water cooling loop with cooling fluid
- 3. Add the dye one drop at a time and let it circulate around the water cooling loop
- 4. Check the consistency and add more as necessary

Features

- Create unique colours
- Bright dyes
- 15ml
