\$139.99

## Product Images

## Short Description

---

The MasterBox NR600P case can be configured to a wide range of professions.

## Description

---

The MasterBox NR600P case can be configured to a wide range of professions. The NR600P comes with SSI-EEB support, a professional-grade I/O panel, and unrivalled cooling capabilities. This makes the MasterBox NR600P the most functionally adaptive E-ATX case for creatives & professionals. Each feature reflects different occupations with different needs. Built and designed by purpose, the MasterBox NR600P is an elegant chassis for uncompromisingly powerful hardware.

## Features

---

- SSI-EEB Compatible: Dual CPU motherboards are supported for high-end, server-grade workstations
- Dual Hot-Swap Bays: Two 2.5" SSDs, 3.5" HDDs, or a combination of both are conveniently accessible from the front panel for interchangeable, on-the-fly data retrieval
- Media Connectivity: A high speed, USB 3.0 SD Card Reader is integrated on the I/O panel for immediate access to files
- Dual 140mm Intake Fans: Two pre-installed 140mm fans provide high volumes of fresh air to the system, while one pre-installed 120mm fan exhausts hot air
- Fine Mesh: The Fine Mesh design on the front panel is proven to provide proficient airflow while filtering out dust for enhanced performance and hardware longevity
