Corsair Carbide Series 175R RGB Tempered Glass Mid-Tower ATX Gaming Case - Black

\$69.99

Short Description

The Carbide Series 175R RGB is a mid-tower ATX case designed with clean lines and accented with an

included RGB cooling fan.

Description

The Carbide Series 175R RGB is a mid-tower ATX case designed with clean lines and accented with an included RGB cooling fan. Show off your PC's interior with an edge-to-edge tempered glass side panel, while keeping your PSU and cables out of sight with a full-length PSU cover. Keep cool with room for up to six fans or multiple radiators, including a 360mm radiator in front. Connect the included RGB fan to compatible ASUS, Gigabyte, or MSI motherboards and their accompanying software for customized Lighting control. With storage Support for up to four drives, three removable dust filters, and a front I/O panel for easy access to your favorite devices, The 175R RGB pairs Corsair quality with classic style.

THREE DUST FILTERS

Front, roof and floor filters keep your system clean.

FULL-LENGTH PSU COVER

Hide your PSU and cables out of sight for clean and tidy builds.

Features

FLEXIBLE STORAGE OPTIONS

Supports up to four drives for the storage options you need: two combo 3.5in / 2.5in trays in a removable cage and two 2.5in trays.

KEEP YOUR SYSTEM CLEAN

Removable dust filters in the floor, roof and front help keep your system clean long after the build is finished.

UP-FRONT CONNECTIONS

A front I/O panel with two USB 3.1 Type-A ports and a 3.5mm combined microphone/headphone jack provides easy access to your favorite devices.

COMPATIBLE WITH MOTHERBOARD RGB CONTROL

Connect the included RGB fan to compatible Asus, Gigabyte, or MSI motherboards with 12V RGB headers and their accompanying software to customize and control RGB fan lighting.

MASSIVE COOLING POTENTIAL

Fits up to 6x 120mm or 4x 140mm cooling fans, or multiple radiators in sizes up to 360mm.
