It comes included with a DRGB Addressable LED strip.

NOTE: D5 Pump and Cover Not Included.

## Channelz Effectz Service

Tired of all that colored Coolant clogging up your loop but don't want to stick with some boring old clear coolant? Well Performance-PCs has you taken care of with their new Channelz Effectz Service! This service is a great way to add some color to your Channelz distribution plate without clogging your loop with pastel or mica filled coolants. We use an epoxy resin mixture that is safe for your loop and will certainly help that build POP. There is 30 different super vivid color options to choose from and we even added the ability for you to mix colors to give your loop its own style.

## Features

---

Installation:

Compatible with the Lian Li PC-O11 Dynamic Mini. Install onto the PCO11 side 240mm radiator mounting holes using the included 4x M3 22mm Countersunk Hex Bolts and M3 Nuts. The mounting holes on the

distribution plate will line up with the existing radiator mounting holes on the case.
