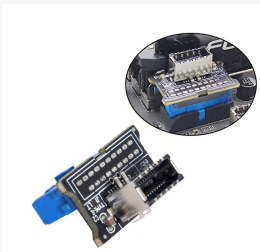
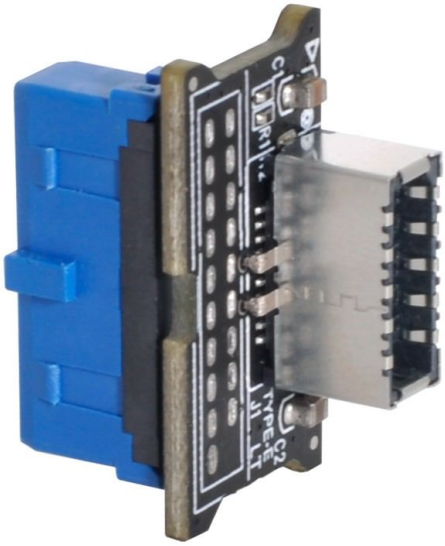
USB 3.0 19 Pin Header to USB 3.1 Type E Front Panel Header Converter

$24.99

Product Images





Short Description

Motherboard USB 3.0 19-Pin Header to New USB 3.1 Type-E Front Panel Header Converter (Straight)

This mini USB 3.0 to USB 3.1 adapeter board is a converter to convert the available USB 3.0 header of a motherboard into a USB 3.1 header. Thus the USB 3.1 port of a housing can also be supplied with USB 3.1 without a suitable mainboard. The compact adapter can be inserted directly and requires no additional attachments.

Description

Motherboard USB 3.0 19-Pin Header to New USB 3.1 Type-E Front Panel Header Converter (Straight)

This mini USB 3.0 to USB 3.1 adapeter board is a converter to convert the available USB 3.0 header of a motherboard into a USB 3.1 header. Thus the USB 3.1 port of a housing can also be supplied with USB 3.1 without a suitable mainboard. The compact adapter can be inserted directly and requires no additional attachments.

Even the most up-to-date motherboards with AMD AM4 or Intel 2066 sockets are not always equipped with a USB 3.1 header. This converter is the perfect solution to use the USB 3.1 connectors with Type-C or Type-A. The small converter is plugged into a USB 3.0 header that provides two USB 3.0 lanes. Thus, two data lines with 5 Gbps each are available, which are bundled into a USB 3.1 header with 10 Gbit / s. This USB 3.0 to USB 3.1 converter thus provides a full-fledged USB 3.1 port.

Features

Features:

- Converter plug-in for the mainboard
- Fits into any USB 3.0 header
- Bundling in USB 3.1 with up to 10 GBit / s
- Compact shape factor
- Convenient accessory for case with USB 3.1 connector
- USB 3.1 Motherboard Front Panel Header Gen 2 Female to USB 3.0 Internal 20-Pin Male Header Male
- Color: Black
- Speed: 10Gbps
- Current: 5v 900mA

Additional Information

Brand	ModDIY
SKU	MDY-CO1006
Weight	0.1000
Color	Blue
Connector Type	USB Adapter
Gender	Female
