\$19.95

Product Images

Short Description

Product Description:

Mini switch bus with 3 switch controls using fully lighted lens rocker switches. Pick from 3 colors of lens rockers. Mounted in aluminum Lian Li bay cover. Switches have 3 posts for the switch control and Ground.

Easy control of your lighting devices, fans, etc. from the front of your PC.

Great looking!

Specifications:

- OEM Lian Li Black or Silver Aluminum faceplate

- Designed to fit in a 3.5 inch drive bay
- 3 high quality snap in blue, red, green or rocker switches
- Includes 9 spade connectors for crimping to the wires of any device you wish to control via switches.

Meant to fit any Lian Li case. Fitting in any other case may require modification of the mounting bracket for screw holes.
