

# PPCS R140 Universal Reservoirs

\$129.95

## Product Images

## Short Description

---

PPCs R140 Universal reservoirs are meant to add a little custom touch to your watercooling without much work involved. These reservoirs fit in rear 140MM fan spot using the existing fan mounting holes. The R140 has 7 ports to give you a better ability of routing your tubing directly to your GPU and CPU. With an integrated LED channel these R140 reservoirs can really make your build shine!
