Short Description

Turing A50 MKII

Compact fanless case for ASUS® PN51 and PN50 mainboards featuring 5000 and 4000 Series AMD Ryzen™ processors and Radeon™ Vega 7 Graphics

Description

Turing A50 MKII Compact fanless case

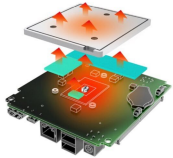

for ASUS® PN51 and PN50 with 5000 and 4000 Series AMD Ryzen™ processors and Radeon™ Vega 7 Graphics

- Solid aluminum fanless AIO and VIO cooling design
- VIOs cool your system without fans
- Full-sized versatility in form factor
- Perfect for home, business and commercial applications
- Suitable for up to Ryzen™ 7 5700G

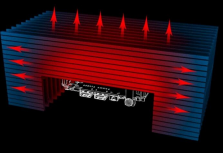

Aluminium Core for Hi-Performance

Solid aluminium core coupled with hi-performance thermal compounds and pads conducts excess heat away from the key hot zones of the APU and Voltage Power Management (VPM) regulators to the aluminium body, keeping your system steadily cool and running smoothly without thermal throttling.

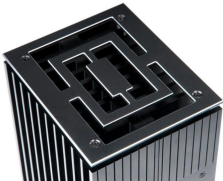

Superb Cooling Performance

Excess heat from APU and VPM is effectively transferred from the aluminium core to the all-aluminium body which acts as a heatsink to dissipate the heat to the surrounding, ensuring the system runs at optimal thermal performance.

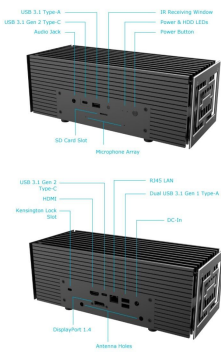

Contemporary and Made-to-Last Design

Aluminium case provides durability and long-lasting use. Coupled with symmetrically extruded fine and striking classical inspired panels for stunning aesthetics and functionality, which means the case looks great in any environment.

Full Access to Connectivity Ports

Access to the multiple Input/Output ports including DisplayPort, SD card slot and microphone array.

Contemporary design

Ideal for home and business applications from digital signage to home-theatre setups and more.

Supports up to Four 4K Displays

The Turing A50 MKII case provides connector openings for connectivity of four 4K displays. Perfect for an array of business applications such as security and digital signage.

Features

- Solid aluminium fanless APU and VRM cooling design
- Stylish cover panels with diamond effect
- Positioned vertically or horizontally
- Perfect for home, business and commercial applications
- Suitable for up to Ryzen™ 7 4800U

Specifications

Material	Aluminium
Motherboard Types	UCFF 4" X 4"
Motherboard Support	ASUS Mini PC PN51 and PN50 (5000 series up to Ryzen™ 7)
Maximum TDP Support	25W
Dimensions	113.5 x 95 x 273.9mm (W x D x H)
Drive Bays	2.5" SSD/HDD x 1 (up to 9.5mm)
Front I/O Opening	Power button, power and HDD LED, IR receiver opening, USB Type-A port , USB Type-C port , HD Audio in/out, Dual microphone array, SD card slot
Rear I/O	DC-in port, USB Type-A port x2, RJ45 LAN port, Type-C port, HDMI port, DisplayPort
Antenna Fitting Holes	2
Security	Kensington lock
Product Code	A-NUC62-M1BV2

Additional Information

Brand	Akasa
SKU	A-NUC62-M1BV2
Weight	10.0000
Color	Black
Chassis Form Factor	NUC
