

# Akasa PCI Slot Bracket for Mounting One/Two 80 or 92mm Fans

\$4.49

## Product Images

## Short Description

Enables easy mounting of one or two 80 or 92mm cooling fans next to the PCI slot of your graphics card and system.

## PCI Slot Bracket for Mounting One/Two 80 or 92mm Fans

### Easy Assembly, More Cooling

Simple and easy mounting adapter allows mounting of one or dual 80/92mm PC fans via an available PCI bracket. Effectively improves GPU and system heat dissipation to ensure your system runs optimally.

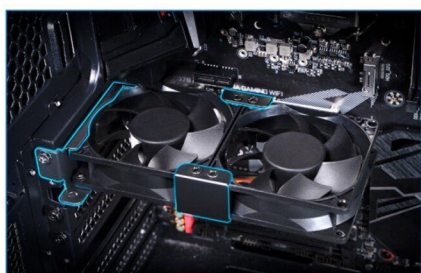

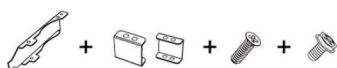

### Sturdy and Secure

Made of high quality metal material with black varnish surface for corrosion resistance and durability. Perfect fan accessory for PC and DIY enthusiasts.

### Perfect for GPUs

Highly useful in a vertical slot for cooling Graphics Cards.
