

MAINFrame Customs 12pin NVIDIA FE Female - Black

\$0.79

Product Images

Short Description

Here is the exact 12pin PCI-E Female connector needed to mate with the NVIDIA 30xx Series Founders Edition

graphics cards. While there may be other mini 12pin connectors available, many are actually too large to fit properly into the GPU connector.

Description

Here is the exact 12pin PCI-E Female connector needed to mate with the NVIDIA 30xx Series Founders Edition graphics cards. While there may be other mini 12pin connectors available, many are actually too large to fit properly into the GPU connector. We went right to the source to make certain our connectors are a perfect match. Now you can make your own sleeved cables for the NVIDIA 30xx Series Founders Edition GPU.

This connector will fit the following GPUs:

NVIDIA GeForce RTX 3070 FE

NVIDIA GeForce RTX 3080 FE

NVIDIA GeForce RTX 3090 FE
