

Channelz™ Phanteks Elite Vertical - V2

\$279.99

Product Images

Short Description

Designed by Singularity Computers and manufactured in the USA by Performance PCs.

This distribution plate fits next to the motherboard (on the reservoir mounting area) of the Phanteks Enthoo Elite. It is designed to be used together with our Phanteks Elite Horizontal Distribution Plate in a dual loop configuration. This distribution plate uses 2 D5/DDC pumps. This distribution plate contains two loops, the GPU loop runs down to the horizontal distribution plate and reenters in the middle, and the CPU loop runs up to the center and reenters at the top.

This distribution plate fits next to the motherboard (on the reservoir mounting area) of the Phanteks Enthoo Elite. It is designed to be used together with our Phanteks Elite Horizontal Distribution Plate in a dual loop configuration. This distribution plate uses 2 D5/DDC pumps. This distribution plate contains two loops, the GPU loop runs down to the horizontal distribution plate and reenters in the middle, and the CPU loop runs up to the center and reenters at the top.

Channelz Effectz Service

Tired of all that colored Coolant clogging up your loop but don't want to stick with some boring old clear coolant? Well Performance-PCs has you taken care of with their new Channelz Effectz Service! This service is a great way to add some color to your Channelz distribution plate without clogging your loop with pastel or mica filled coolants. We use an epoxy resin mixture that is safe for your loop and will certainly help that build POP. There is 30 different super vivid color options to choose from and we even added the ability for you to mix colors to give your loop its own style.

Features

Installation:

Compatible with the Phanteks Enthoo Elite. Use the included x4 M4 22mm and x4 M4 Nuts to attach to the reservoir mounting area next to the motherboard.

Phanteks Enthoo Elite: Align the distribution plate mounting holes with the mounting holes on the radiator mounting panel which fits next to the motherboard on the Phanteks Enthoo Elite, and use the included x4 M4 22mm Button head Bolts and x4 M4 Nuts for mounting.
