BE BOLD, POWER WITH GOLD

MWE GOLD FULLY MODULAR 550/650/750W

Be Bold, Power With Gold.

MWE Gold Fully Modular

The MWE Gold offers a high-efficient, affordable power solution with fully modular cabling. Enjoy 90% efficiency with 80 PLUS Gold certification. The MWE's design ensures improved efficiency while maintaining low temperatures and quiet operation.

High quality heat-resistant components maintain gold-level performance even at increased temperatures up to 45°C. A near-quiet Silencio fan with an exclusive LDB bearing reduces noise, lasting longer than standard bearings. Be bold, power with gold.

- Fully modular flat cables
- 80 PLUS Gold Certified
- Durable and silent LDB bearing
- Proven thermal resistance
- Stable high-efficiency output

Make It Yours.

We're all about the things that make building a PC such a rewarding experience. The sense of achievement. The joy of making and creating something uniquely yours in form and function and, of course, the thrill of bringing your creation to life without melting your components.

Features

80 PLUS Gold Certification

80 PLUS Gold certification guarantees a minimum typical efficiency of 90%.

Durable and Silent LDB Bearing

Silencio technology combines sealed LDB bearings with quiet fan blades delivering a long lifetime of quiet cooling.

Full Modular Flat Cables

Full modular flat cables are easy to install, reduce clutter, and maximize airflow.

ProClockers Highly Recommended

ProClockers has been providing unbiased professional computer hardware reviews since 2004: "Cooler Master's MWE Gold Series power supplies pack quite a punch to everything but your wallet."
