Description

This is the finest in a series of paddle toggle switches including our 12V - 110V LED light illuminated Rocker Switch Series. These Paddle Toggle Switch Series are especially suited for 12V - 110 Volt. These can be used with PSU 12V power sources. The LED light illuminated Paddle toggle switch series feature a rectangular style long life 12V - 110V switch with 2V DC LED light. This model features a Black Rocker Switch with Amber LED. These are easy to mount and install and look better than plain stock rocker switches.

Specifications
