ATX PC Case — White

\$349.99

Product Images

FOUR SP140 RGB ELITE FANS INCLUDED
 Eight individually addressable RGB LEDs per fan light up your system, while AirGuide technology enhances cooling.

Customize and synchronize RGB lighting, precisely control fan speeds, and more with iCUE.

4x

Detachable 360° Fan Brackets
 Install up to 4x 150mm fans or a radiator up to 420mm.

COLOSSAL COOLING POTENTIAL
 Ample room for multiple radiators, including up to 3x 360mm or 2x 420mm all in one. Note: Case will accommodate 2x water-cooled 360mm radiators.

FRONT PANEL I/O
 Put a host of modern connections within easy reach.

Short Description

The CORSAIR iCUE 7000X RGB full-tower ATX case puts your build on display behind three tempered glass panels, with room for up to three simultaneous 360mm radiators, hidden cable management, and four included CORSAIR SP140 RGB ELITE fans.

A FULLY-FEATURED FULL-TOWER

Even in cases as big as these, it's the little things that make all the difference. From flexible storage and cooling options to tool-free swing-out side panels and clean cable management, every element of the 7000 Series helps you make your most ambitious build a reality.

THREE-SLOT VERTICAL GPU MOUNT

Put the spotlight on your graphics card with an innovative vertical GPU mount, big enough to fit today's most powerful graphics cards with plenty of room for airflow.

SHOW US WHAT YOU'VE GOT

A removable, customizable windowed PSU shroud shows off the heart of your system. Remove the panel, add vinyl graphics, laser-etch your own logo, or add backlighting to make your rig stand out.

CORSAIR RAPIDROUTE CABLE MANAGEMENT

Quickly and easily route your major cables through a single hidden channel, with a roomy 25mm of space behind the motherboard for all of your cables, easily concealed by a hinged steel door.

ALL THE STORAGE YOU NEED

FITS UP TO

MODERN FRONT PANEL I/O

Puts your connections within easy reach, including a USB 3.1 Type-C Port, 4x USB 3.0 port, and a combination audio/microphone jack.

- 1 Power button
- 2 4x USB 3.0 ports
- 3 USB 3.1 Type-C port
- 4 Headphone/Mic Combo Jack
- 5 Reset button

Features

Up to three simultaneous 360mm radiators (roof, side, front), two simultaneous 420mm radiators (roof, front), or even a 480mm radiator (side) means you can design your dream loop.

120MM

140MM

A spacious interior fits up to 12x 120mm or 7x 140mm cooling fans.

120MM

140MM

Over 80L in volume, the 7000 series is 40% to 60% larger than a standard mid-tower case, which gives you space for endless possibilities.

THE BRAINS OF THE OUTFIT

The COMMANDER CORE XT is more than just a lighting and fan controller for up to six fans. It can be expanded to monitor temperatures (two temp monitor sensors included) and even tie-into other iCUE devices like the LS100 Lighting Strips or RGB LED Lighting PRO Expansion kits.
