

# Corsair Hydro X Series XR5 360mm Water Cooling Radiator — White

\$79.99

## Product Images

## Short Description

---

The CORSAIR Hydro X Series XR5 360mm Water Cooling Radiator delivers extreme performance, with a 30mm radiator thickness, premium copper core, and a pristine white finish.

## Description

---

### EXTREME PERFORMANCE LIQUID COOLING

Triple 120mm fan mounts on either side are ready for your most ambitious custom cooling build.

### HIGH SURFACE AREA

30mm Radiator thickness delivers easy installation and great cooling performance with low-noise fans and high-airflow fans.

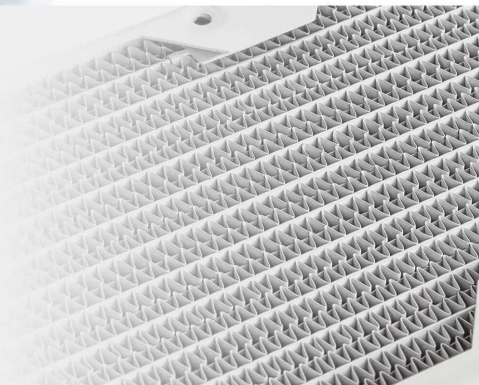

### MATTE WHITE COATING

Provides a flawless finish that matches the other white CORSAIR products in your setup.

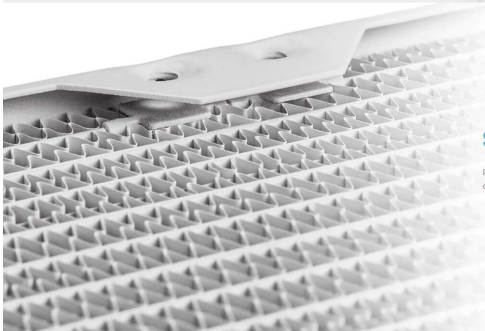

### PREMIUM COPPER CONSTRUCTION

A premium copper radiator core and 25 micron-thick cooling fins provide a high thermal transfer rate optimized for CORSAIR's performance copper water blocks.

### SCREW PROTECTION PLATES

Prevents too long or over-tightened screws from damaging the radiator.

### STANDARD G1/4" THREADS

All inlet/outlet ports provide universal fitting compatibility.
