

Thermaltake Riing Trio 20 RGB Case Fan TT Premium Edition

\$79.99

Product Images

Short Description

Thermaltake Riing Trio 20 RGB is the world's first intelligent radiator fan with 3 independent 16.8 million color LED ring design, featuring 60 addressable LEDs in total and supports multiple software including TT RGB PLUS, NeonMaker, Amazon Alexa Voice Service and Razer Synapse 3 (Razer Chroma). This quiet high-static pressure 200mm fan is designed with long-life hydraulic bearings and compression blades, delivering remarkable cooling performance.

Description

Front: 24 LEDs
Middle: 12 LEDs

TT RGB PLUS Software & App

Monitor fan performance, adjust fan speeds, and customize lighting effects for all you compatible products via the TT RGB PLUS Software and an exclusive mobile app with ease. You can drag the slider to adjust the ideal fan speed (RPM) on the dedicated control panel, or simply choose default modes.

Light Mode : Aurora

Digital Lighting Controller

The controller is designed with a DIP switch on the back to set up a number for each controller easily. You can add up to 5 devices to one lighting controller and up to 16 controllers to the software.

*Due to wattage limitations it is recommended to not connect more than 5 fans to a single peripheral cable (Molex).
 **DO NOT connect Ring Trio fans to other TT RGB PLUS controllers.

AIRFLOW TEST

PWM Controlled Fan with 9 Fan Blade Design

PWM controlled fan with a unique 9 blade design is engineered to generate higher airflow whilst keeping quiet. The Ring Trio fans ensure more efficient cooling performance under intense operation.

Hydraulic Bearing with Low-Noise Design

The hydraulic bearing self-lubricates with a high-quality, friction-reducing substance, which lowers operation noise while improving thermal efficiency. The seal cap prevents lubricant leakage and extends the lifespan of the unit.

Fan Speed(standard)	847 RPM
Noise Level (standard)	7 dBA
Fan Speed(w/ Low Noise Mode)	411 RPM
Noise Level(w/ Low Noise Mode)	7 dBA

Anti-Vibration Mounting System

The in-mold injection anti-vibration rubber pads dampen the vibration of the fan allowing the fan to spin at higher levels without compromising noise levels. The fan is designed with 80% coverage for all corners, maintaining low noise levels when in operation.

TT RGB PLUS Ecosystem

Light up your system with almost limitless possibilities and synchronize your TT RGB PLUS compatible products (CPU/Water blocks, AIO CPU coolers, PSUs, LED strips, gaming keyboards, headsets, mice and mouse pads) to create a RGB ecosystem that is truly unique to you.

Note: TT AI Voice control, Razer Chroma and Amazon Alexa requires the use of at least one TT RGB PLUS software-enabled product to function.

Additional Information

Brand	Thermaltake
SKU	CL-F083-PL20SW-A
Weight	1.0000
Color	Black
Fan Dimensions	200mm
Fan Width	30mm
Fan Connection	USB
Fan Voltage	12 VDC
Fan RPM	1000
Fan CFM	123
Fan Noise (dB)	28
LED Color	Addressable/Digital RGB
