Short Description

The Coolmax HD-270B portable design can keep your data safe anywhere and at any time.

Description

The Coolmax HD-270B portable design can keep your data safe anywhere and at any time. This enclosure accepts a single 2.5" IDE laptop hard drive and connects to any USB 2.0 Interface. Includes and easy to use data dock for hot swap and quick Data transfer.

Features

- USB2.0 interface, supporting high speed data transfer rates of up to 480 Mbps. Backward compatible with USB1.1 specifications
- Hot swappable and truly Plug-n-Play
- Fully compatible with IDE ATA 100 hard disk
- Accommodate all standard 2.5" IDE hard disk
- Soft-start for slow turn-on feature prevents high inrush currents when initially powering capacitive loads
- Suitable for desktop, notebook, palmtop and pen-base computers. Compact size and lightweight
- USB joins and encloses and prepares the power to connect on the line, guarantees that the hard disk works steadily
- Insulating designed PCB
- Aluminum case transmits the heat quickly
- With Docking stand (Patent pending), get rid of annoying cabling
