Short Description

Software-controlled waterblock with a 16.8M colors LED ring, 0.15mm internal fin construction, anti-corrosive nickel plating and universal mounting mechanism

Description

Thermaltake Pacific W4 Plus CPU Water Block

Thermaltake combines the gorgeous LED light with cutting-edge technology to deliver a brand new experience of using PC cooling, the Thermaltake Pacific W4 Plus CPU Water Block. Coming with a 16.8 million colors LED ring, 12 addressable single LEDs, 11 LED lighting modes (Copy color, Full lighted, RGB spectrum, ripple, pulse, wave, flow, sound effects, blink, cross and thermal), the Pacific W4 Plus CPU Water Block can be controlled by the patented TT RGB PLUS Software. Plus, it features 0.15mm internal fin construction, a copper base with anti-corrosive nickel plating and high-quality PMMA cover, and a universal mounting mechanism that offers error-free as well as no-tools installation. Fits with most G1/4 fittings, the Pacific W4 Plus provides the ultimate in cooling performance, and delivers extreme compatibility for custom PC builders.

AM4 Support   **LGA 2066 Support**

TT RGB PLUS

TT RGB PLUS Ecosystem is the intelligent lighting system for PCs that combines the most advanced addressable LED lighting with Thermaltake's patented TT RGB PLUS Software. TT RGB PLUS ecosystem provides nearly unlimited possibilities for playing with colors, synchronizing lights to games, music, CPU temperatures or other TT RGB PLUS products, including case fans, CPU/VGA waterblocks, AIO CPU coolers, PSUs, LED strips and peripherals. The patented software allows users to change the light modes, colors, speeds, brightness, fan speeds, and even supports AI voice control in iOS and Android devices.

Download on the App Store   ANDROID APP ON Google play

*Compatibility:
- For desktop: Requires TT RGB PLUS Software 1.1.5 version or later.
- For iOS: Requires iOS 10.0 or later.
- For Android: Requires Android 6.0.0 or later with screen resolution 1920 x 1080.

Features

SyncALL, Say "Hello TT"
Thermaltake AI Voice Control

Talking to TT RGB PLUS App is an easier, faster way to sail lights for your systems. You can ask it to turn the lights on or off, switch lights modes, dim the lights, change light colors, or adjust lights speeds or fan speeds.

Download Voice Input Command

- For desktop: Requires TT RGB PLUS Software 1.1.5 version or later
- For iOS: Requires iOS 10.0 or later
- For Android: Requires Android 6.0.0 or later with screen resolution 1920 x 1080.

Lighting Mode   ?   Color Palette

Profiles

Conveniently control all devices and customize the lights at the same time by setting up to five profiles for each controller. Each controller your system connected is displayed at the top left of the interface for you to quickly access. Within each profile, you can check which device is set to what operating mode and lighting effect. You can even "SAVE" and apply the settings to other controllers your system is running.

16.8 Million Colors LED Design

Featuring 12 addressable single LEDs, great light coverage, and uniform color and brightness, the built-in LED ring can paint your build with 16.8 million colors.

Support **RGB** 16.8 million **PWM**

* All images are for reference only, actual specification and lighting effects are based on the real product.

Digital Lighting Controller

The controller is designed with a DIP switch on the back. Hence, you can set a number for each controller easily. You can add up to 5 devices to one lighting controller and up to 16 controllers to the software. The controller and the coding guide are included in all packs.
*It is recommended to connect up to 3 controllers on one peripheral cable (Molex) only.

Anti-Corrosion Design

Made in Taiwan, the Pacific W4 Plus Water Block's specially machined copper base prevents corrosion and the high quality PMMA cover allows users to directly see through the water block. The mating surface to the CPU has a mirror finish, providing exceptional heat transfer for the most demanding use conditions.

High density of fin design provides better cooling performance. (Micro Channel Gap: 0.15mm)

0.15mm

Optimized Micro-Channel Structure

The Pacific W4 Plus Water Block is designed with a compact form factor featuring 0.15mm micro-channel fin construction for optimal clearance and extreme heat dissipation.

No-Fuss Expansion

Designed to fit all modern CPU sockets with universal mounting mechanisms, the Pacific W4 Plus allows enthusiasts to build superior water-cooling systems from an aesthetic standpoint as well as incorporate modular chassis upgrades for the future.

TT RGB PLUS Software

2.0 - New version of Thermaltake's TT RGB PLUS patented software, providing more lighting effects and PC monitoring functions.
1.0 - Thermaltake's patented software to synchronize TT RGB PLUS products with addressable LEDs.
Caution: TT RGB PLUS 2.0 and TT RGB PLUS 1.0 will overwrite one another; users can only install one version of TT RGB PLUS.

Sync with Razer Chroma Lighting

All Thermaltake TT RGB PLUS products are able to connect into the Razer Chroma ecosystem, Razer Synapse 3. Users can experience synchronized gaming and RGB lighting effects on their TT RGB PLUS liquid cooling system and Razer gaming gear!

LEARN MORE

Works with Amazon Alexa

All Thermaltake TT RGB PLUS products support Amazon Alexa Voice Service, allowing you to give voice commands to the Alexa enabled devices.

LEARN MORE

TT AI Voice Control

Give you full control over the TT RGB PLUS products with your voice: "SyncALL, Say"Hello TT".

Download on the **App Store**   ANDROID APP ON **Google play**

Note: TT AI Voice control, Razer Chroma and Amazon Alexa requires the use of at least one TT RGB PLUS software-enabled product to function.
