Description

Alphacool Apex filling funnel G1 / 4 "

With its classic black design, the Alphacool Apex filling funnel with G1 / 4 "connection can be used in several places to help fill a water cooling system 1/4 inch threaded opening only leaves a tiny hole for filling.

Advantages

The funnel cannot slip away thanks to the G1 / 4 "connection. The soft rubber funnel side is useful for getting into tight spaces where rigid funnels can no longer be used. The bottom line is that you can say with a clear conscience: The Alphacool Apex filling funnel with G1 / 4 "connection belongs in every well-stocked water cooling tool box!
