Description

Barrowch HDMI Display CPU Water Block for INTEL Platform is a neat cpu block with a built in HDMI 2.9-inch display! which is great for use with just about any temperature monitoring software.

FBLTHD-04N

Barrowch HDMI Display CPU Water Block of INTEL Platform

Create originality optimization and upgrading, Unique new experience

Micro water passage   TFT display screen   Unique appearance   Copper-nickel plated mount

◇ Products information

Mode: FBLTHD-04N	Color: Black/Silvery
Quantity: 1Set	Thread: G1/4"
Resolution: 1440*1440px	Dimensions: Please refer to the dimension drawing
Application: Suitable for desktop computer CPU core cooling.	
Note: In case of product appearance structure upgrade,without further notice,in kind prevail	

Features

Small Water Block with big surprise

Being equipped with the new generation of 2.9-inch full-color and high-definition LCD screen, and standard HDMI video interface allows it to have the function of displaying the entire content of the computer video, which will help to create a personalized water cooling scheme with controllable ARGB light.

Multi-replaceable AIDA64 monitoring interfaces

The high-quality HD display can adapt to the AIDA64 software, the official will continue to release various interfaces on the basis of AIDA64 system monitoring software for replacement.

HD Resolution

1440 * 1440 resolution, 2.9-inch and full-view LCD screen, 1100:1 ultra-high contrast, 60Hz refresh rate.

◇ Product parameters

Screen type： LCD module	Accessories： Screw Pack *1
Size： 2.9 inch	HDMI video cable *1
Resolution： 1440*1440px	USB power cable *1
Refresh rate： 60Hz	Lighting power supply cable *1
Interface type： HDMI video connection	
Micro USB power supply interface	

Universal input interface of HDMI video

Adopt the standard HDMI as the video input interface, and it will be more convenient to have video access, and the length of cable is the product in 58CM.
