

# ROCKIT COOL Intel Backplate

\$14.99

## Product Images

## Short Description

Replace your flimsy sheet metal back plate with Rockit Cool's custom designed, super strong, NASA inspired back plate.

## Description

Replace your flimsy sheet metal back plate with Rockit Cool's custom designed, super strong, NASA inspired back plate.

Keeping the motherboard and socket flat ensures perfect contact with all the pins which yields better stability for voltage and data.

The perfect compliment to our Direct to Die Frame

## Features

---

- Fully CNC machined for precision
- Powder coated for durability (ask about custom colors)
- Works with stock ILM as well as our Direct to Die Frame
- Fits all Intel CPU boards
