Watercool HEATKILLER EPDM TUBING 13/10 (ID3/8") Black - 3M

\$14.99

Product Images

Short Description

The HEATKILLER® Tubing's core features are its great flexibility, lack of plasticizers, and superb lifespan. The material's superior elasticity and great stability allow bends with tighter radii without kinking than comparable PVC tubing. The HEATKILLER® EPDM Tubing can also withstand the toughest conditions (UV, temperatures, Ozone) for years. It is perfectly suited for heavy-duty industrial applications, as well.

Description

The HEATKILLER® Tubing's core features are its great flexibility, lack of plasticizers, and superb lifespan. The material's superior elasticity and great stability allow bends with tighter radii without kinking than comparable PVC tubing. The HEATKILLER® EPDM Tubing can also withstand the toughest conditions (UV, temperatures, Ozone) for years. It is perfectly suited for heavy-duty industrial applications, as well.

The tubing is made from real natural rubber, which does not require additional plasticizers. This prevents the build-up of gunk in microstructure water blocks. The tubing is easy to install, has a long lifespan, and requires no maintenance.

The combination of robust properties and the elegant matte black surface make the HEATKILLER® EPDM Tubing a real WATERCOOL product.

Specifications

Specs:

Color: black

Outer diameter: 13 mm

Inner diameter: 10 mm

Material: EPDM

Grade: 70 Shore A

Temp range: -30° - 110° C

Scope of delivery:

HEATKILLER® EPDM Tubing 13/10 (ID 3/8") black - 3m Retailbox

Additional Information

Brand	Watercool
SKU	WC-50275
Weight	1.2000
Color	Black
Tube Type	Norprene
Tube Size	10mm x 13mm
Delivery	Retail Box
Vendor SKU/EAN	4251312604578
