Short Description

The SC Protium 2.0 ARGB 150 D5 Reservoir Combo achieves a whole new level of versatility and features. The

unique 90-degree pump top design allows more mounting and port options than ever before. There are 3 outlet ports, and 4 inlet ports. The combo has ports on 4 sides, even on the bottom. The combo can be mounted from 4 different sides with 270-degree mounting and vertical mounting. The cap uses a retention ring design for 360-degree rotation and increased durability and is recessed in case of overflow during filling.

Description

The SC Protium 2.0 ARGB 150 D5 Reservoir Combo achieves a whole new level of versatility and features. The unique 90-degree pump top design allows more mounting and port options than ever before. There are 3 outlet ports, and 4 inlet ports. The combo has ports on 4 sides, even on the bottom. The combo can be mounted from 4 different sides with 270-degree mounting and vertical mounting. The cap uses a retention ring design for 360-degree rotation and increased durability and is recessed in case of overflow during filling. The combo comes with two integrated custom ARGB/DRGB PCBs. The rear part of the D5 Pump Cover is a PCB which creates a glow from the back of the Pump Cover. There is an LED ring which lights up the pump top, reservoir, and the coolant inside.

The back plate is universal for mounting onto 120mm or 140mm wide radiators, fans or fan mounting positions. The pump cover is a 3-piece design for full compatibility with all D5 pumps including the Aquacomputer D5 Next. It comes in three different colors/materials, Clear Acrylic with Black or Silver metal and Black Acetal with Black Metal.

NOTE: Doesn't include pump
