List of Installation Parts

①	NRTX3090H-TC-V2	1 PCS
②	1.8MM Grease	5PCS
③	PCB	1PCS
④	0.5MM Gasket	4PCS
⑤	M2X6MM Coil Spring Screw	4PCS
⑥	M2X5MM Grub Screw	2PCS

List of Installation Parts

①	Sealing Ring	6PCS
②	B-VGA-B.5TC-X	1PCS
③	M4X24MM Screw	1PCS
④	M4X24MM Grease	4PCS

Short Description

Directly cools the video cards core, graphics memory (RAM), and voltage regulator modules (VRM) on both sides of GPUs achieving great temperatures along with the ability to reach higher overlocks or extend the overall lifespan of your card by running at below factory temps.

Description

Directly cools the video cards core, graphics memory (RAM), and voltage regulator modules (VRM) on both sides of GPUs achieving great temperatures along with the ability to reach higher overlocks or extend the overall lifespan of your card by running at below factory temps.

Specifications

COMPATIBILITY

- AIC RTX 3090
- ZOTAC GAMING GeForce RTX 3090 Trinity OC 24GB
- GALAXY GeForce RTX 3090 OC 24G Mordekaiser
- GALAXY GeForce RTX 3090 SG, and EX Gamer
- LEADTEK GeForce RTX 3090 LIFE ES 24G LIFE ES
- Manli GeForce RTX3090 D6X 24G
- PNY GeForce RTX 3090 24GB XLR8 Gaming EPIC-X RGB Triple Fan Edition
- Palit GeForce RTX 3090 Gaming Pro and Pro OC
- KFA2 GeForce RTX 3090 SG 24GB
- Gainward GeForce RTX 3090 Phoenix and Phoenix GS
- Please check over the entire PCB picture after narrowing your selection to ensure compatibility.

PARTS INCLUDED

- 1x Water Block
- 1x Backplate
- 2x Stop Fitting
- 1x Mounting Hardware
- Thermal grease
- 1x 5v A-RGB (RBW) Light (Warning: This is 5V and is ONLY compatible with Addressable RGB (RBW) components. RGB is 12V and is ONLY compatible with RGB components. Mix and match will NOT work and will cause damage.)

WARNINGS

This is a repair or replace only item. Returns not accepted on compatibility issues or if block has had water/fluid run through it.

Manufacturer reserves right to alter block design to expand compatibility. Delivered item may not 100% match pictured item. Product does NOT come with English instructions. Please see product gallery images for install guide if available. Generally, thermal pads should be installed on the card where the block has corresponding raised contact points with the exception of the GPU core, which uses thermal paste. For -TC SKU blocks with active backplates, the VRAM on the back of the card should be padded. Installing pads on other components can lead to improper contact and poor performance.

Not responsible for any damage caused by or when using this product. Please use at your own risk.

Additional Information

Brand	Bykski
SKU	N-RTX3090H-TC-V2
Weight	3.5000
Color	Clear
Vga	AIC RTX 3090
Block GPU Type	Nvidia
Block Style	Copper-Plexi
Special Price	\$239.99
