Short Description

High performance 180mm air channeling computer fan with ARGB lighting effects

Description

SilverStone Air Penetrator 184i ARGB

High performance 180mm air channeling computer fan with ARGB lighting effects

Aesthetically stunning with dual-purpose design

Air Penetrator 184 ARGB features integrated ARGB lighting effects which utilizes industry standard 4-pin ARGB connectors and dual mounting holes designed for 180mm and 200mm fan applications.

•180mm

•200mm

Cutting-edge fan blade design

SilverStone has incorporated a new fan blade design for the first time in the Air Penetrator 184 ARGB, named Shark Force, composed of shark-flesh like surface pattern on each blade which acts as air guides, so when air travels over, it aids in smoothening the overall airflow and substantially reducing audible noise.

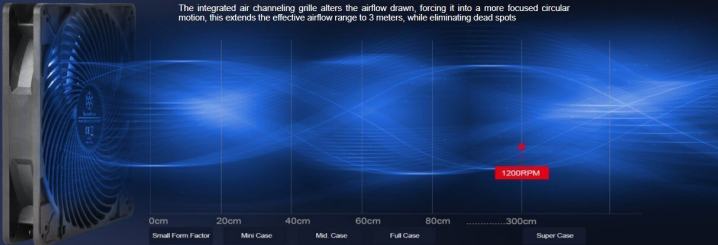

Straightforward connection / effortless cable management

Instead of connecting multiple fans to one fan hub, Air Penetrator 184 ARGB is designed with perfectly measured daisy chain cables, allowing for ARGB synchronization from one fan hub port to multiple fans, hence eliminating long cable management routings.

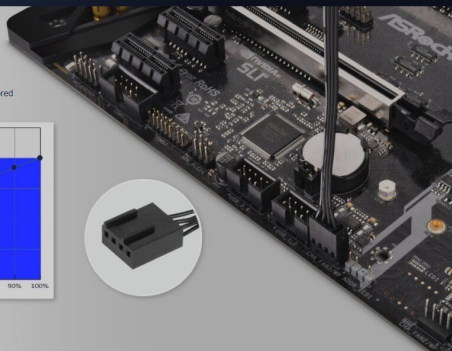

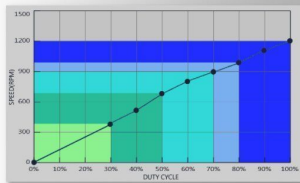

Extended airflow ranges

The integrated air channeling grille allows the airflow drawn, forcing it into a more focused circular motion, this extends the effective airflow range to 3 meters, while eliminating dead spots.

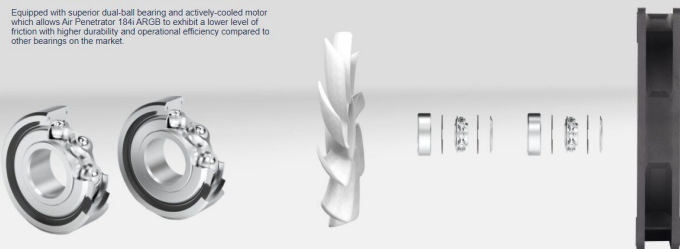

0-1200 RPM / PWM Control

Wide 0-1200 RPM speed range via PWM control allows for tailored performance on demand.

Premium motor & bearing construction

Equipped with superior dual-ball bearing and actively-cooled motor which allows Air Penetrator 184 ARGB to exhibit a lower level of friction with higher durability and operational efficiency compared to other bearings on the market.

Specifications

SPECIFICATIONS

Model No.	SST-AP184i-ARGB
Material	Polycarbonate fan blades, PBT frame
Application	180mm, 200mm *
Color	Translucent fan blades, black frame
Bearing	Dual ball bearing
Connectors	4 pin PWM connector + 4-1 pin ARGB (5V LED)
Rated Voltage	12V DC
Starting Voltage	5V
Rated Current	0.31A ±0.04A
Rated Power	3.7W
Speed	0 ~ 1200 RPM
Airflow	0 ~ 143.21 CFM
Effective Airflow Range	3m
Static Pressure	0 ~ 2.22 mmH2O
Air speed at fan edge	4.7m/s
Noise Level	0 ~ 34.5 dBA
Dimension	180mm (W) x 32mm (H) x 180mm (D) 7.09" (W) x 1.26" (H) x 7.09" (D)
Weight	420g

Remark:

*Please ensure fan location has sufficient space of at least 32mm to account for the thickness of the fan.
**Some motherboards may not display fan speed properly below certain RPM range (e.g. 300 RPM or below). Please inquire with motherboard manufacturers for more detail.

Additional Information

Brand	SilverStone Technology
SKU	SST-AP184I-ARGB
Weight	0.4000
Color	Black
Fan Dimensions	180mm
Fan Width	25mm
Fan Connection	4-Pin PWM
Fan Voltage	12 VDC
Fan RPM	1200
Fan CFM	102
Fan Noise (dB)	34
LED Color	Addressable/Digital RGB
