Short Description

The CORSAIR iCUE H150i ELITE CAPELLIX Liquid CPU Cooler delivers powerful, low-noise cooling for your CPU, with a 360mm radiator, three CORSAIR ML120 RGB PWM fans, and an ultra-bright CAPELLIX RGB pump head.

Description

The CORSAIR iCUE H150i ELITE CAPELLIX Liquid CPU Cooler delivers powerful, low-noise cooling for your CPU in a brilliant white finish, with a 360mm radiator and three CORSAIR ML120 RGB Magnetic Levitation PWM fans controllable between 400 RPM and 2,400 RPM. 33 Ultra-bright CAPELLIX LEDs on the pump head and eight RGB LEDs per fan let you completely personalize your cooler's look. Connect to the included CORSAIR iCUE Commander CORE and powerful CORSAIR iCUE software to orchestrate synchronized RGB lighting, adjust fan speeds, and enable Zero RPM mode on up to six fans. Easy to install on most major CPU sockets, with a thermally optimized split-flow cold plate and low-noise centrifugal pump for exceptional performance,

the H150i ELITE CAPELLIX puts the spotlight on your cooling.

Features

High-Performance RGB Pump Head

Powerful, low-noise cooling for your CPU, lit by 33 ultra-bright CAPELLIX RGB LEDs

CORSAIR iCUE Commander CORE Included

A smart RGB lighting and fan speed controller gives you precise speed and lighting control over up to six RGB fans

Magnetic Levitation RGB Fans

Three 120mm CORSAIR ML RGB Series PWM fans deliver powerful airflow for extreme CPU cooling performance, with eight RGB LEDs per fan

Extreme CPU Cooling

Incredible cooling fan performance controllable via PWM, from 400 to 2,400 RPM while in operation

Brilliant White Finish

A white pump cap, radiator, and fan housing reflects light for brighter lighting and fits right in with a modern white RGB build

Zero RPM Mode

Zero RPM cooling profiles in CORSAIR iCUE software allow fans to stop entirely at low temperatures, eliminating fan noise

Powerful CORSAIR iCUE Software

Adjust fan and pump speeds, control and synchronize your cooler's RGB lighting with all iCUE-compatible devices, and monitor CPU and coolant temperatures, all from a single intuitive interface

Split-Flow Copper Cold Plate

An optimal cold plate design and a high-density stack of 128 micro-skived fins-per-inch provides highly efficient cooling at all loads

Low-Noise Centrifugal Pump

Delivers a flow rate of up to 0.82L/min while generating less than 20 dBA, for extreme cooling with low noise

360mm Radiator

High surface area for powerful cooling

Easy to Install

Modular, tool-free mounting bracket for quick and painless installation on all modern Intel and AMD sockets

Specifications

General

- Product Name iCUE H150i ELITE CAPELLIX CPU Cooler
 - Brand CORSAIR
 - Model Number CW-9060048-WW
 - Color Black
 - Color Category Black
-

Cooling

- Cooling Fan Type CPU
 - Cooling System Liquid
 - Fan Size 120 millimeters
 - Fan Speed 2400 revolutions per minute
 - Noise Level 36 decibels adjusted
 - Number of Fans Included 3
 - Bearing Type Magnetic Levitation
-

Feature

- Lighting Type RGB
 - Customizable Lighting Yes
-

Dimension

- Product Height 4.71 inches
 - Product Width 15.63 inches
 - Product Length 4.71 inches
 - Product Weight 2.42 ounces
-

Compatibility

- Radiator Size 360 millimeters

Additional Information

| | |
|--------------------|-------------------|
| Brand | Corsair |
| SKU | CW-9060048-WW-D |
| Weight | 5.5000 |
| Color | Black |
| Block CPU Type | Intel/AMD |
| Vga | AMD FirePro W9100 |
| Radiator Size | 360 (3 x 120mm) |
| Radiator Thickness | 44mm |
| Special Price | \$179.99 |
