

Dremel EZ688 EZ Lock Plastic and Metal Cutting Kit - 11pc DREMEL-EZ688

\$21.95

Product Images

Short Description

Turn your Dremel rotary tool into a powerful cutting machine. Built to tackle your toughest cutting projects, the Dremel EZ Lock™ Cutting Kit makes accessory changes as easy as pull - twist - release. Kit contains 10 EZ lock cut-off wheels built to slice through a variety of metals including soft & hard metals, wood, plastic, ceramic, drywall and more. The kit also features the EZ456 Metal Cut Off Wheels reinforced to last 2X longer than current fiberglass-reinforced wheels. Kit includes a reusable storage box to keep your accessories organized.
