Silverstone Technology TJ09 Temjin Aluminum Super Tower - Silver

Special Price

\$189.20 was

\$249.00

Short Description

Product Details:

The Temjin TJ09 is the first SilverStone chassis designed with graphics card cooling as one of the priorities. To meet this challenge, a brand new mid-section air duct was created to bypass the hard drive cage, allowing the strategically placed 120mm to draw cool air from outside of the chassis and blow it directly onto the expansion slot area. CPU and hard drives are also cooled exclusively by 120mm fans to maximize airflow while reducing noise. Covered in styling reminiscent of beautiful chassis of years past, the TJ09's advanced structure is second in stiffness only to the unibody designed TJ07. If you have been waiting for a chassis with plenty of technical and aesthetic excellence worthy of an upgrade, then the TJ09 is the one.

Features:

- Premium all-aluminum chassis for extended ATX, ATX, SSI motherboards
- 120mm fan only design for ultimate performance & quietness
- Unprecedented air duct dedicated for graphics card cooling
- Advanced structural engineering with superior chassis stiffness
- User friendly layout with multiple tool-less access
- Classic SilverStone styling and finish

Specifications:

Material	5.0mm aluminum front panel, 2.0mm aluminum body			
Color	Black			
	Silver			
Motherboard	SSI, Extended ATX, ATX, Micro ATX			
Model	Standard Model	SST-TJ09B (black)	W / Window	SST-TJ09B-W (black)
		SST-TJ09S (silver)		SST-TJ09S-W (silver)

Drive Bay	Exposed	5.25" x 4, 3.5" x 1
	Internal	3.5" x 6
Cooling System	Top	2 x 120mm fan slots
	Rear	1 x 120mm exhaust fan, 1200rpm, 21dBA
	Mid-section	1 x 120mm intake fan, 1200rpm, 21dBA
	Front/HDD area	1 x 120mm fan slot
Expansion Slot	7	
Front I/O Port	USB2.0 x 2 IEEE1394 x 1 audio x 1] MIC x 1	
Power Supply	1 x Optional standard PS2 (ATX) or 1 x Redundant PS2	
Net Weight	11 kg	
Dimension	210 mm (W) x 525 mm (H) x 605 mm (D)	

Make this case uniquely yours by adding any of the other options below
