# ASUS ROG STRIX 1000W 80 Plus Gold Modular ATX Power Supply

$249.95

Product Images

Short Description

The ASUS Republic of Gamers STRIX 1000W 80 Plus Gold Modular ATX Power Supply features efficient power delivery, 0 dB technology, and cosmetic customization. Thanks to its fully modular design, users can store unused cables to eliminate clutter and improve airflow within their system. It has a total of one 24-pin motherboard connector, two 4+4-pin CPU connectors, four 6+2-pin PCIe connectors, eight SATA connectors, and three 4-pin peripheral/Molex connectors.

Description

The ASUS Republic of Gamers STRIX 1000W 80 Plus Gold Modular ATX Power Supply features efficient power delivery, 0 dB technology, and cosmetic customization. Thanks to its fully modular design, users can store unused cables to eliminate clutter and improve airflow within their system. It has a total of one 24-pin motherboard connector, two 4+4-pin CPU connectors, four 6+2-pin PCIe connectors, eight SATA connectors, and three 4-pin peripheral/Molex connectors. With these, it's well suited for most gaming and enthusiast setups. Moreover, integrated heatsinks help to further dissipate heat and reduce fan noise, which only kicks in when your system hits 40% TDP. A few magnetic stickers are included for users to customize its appearance.

Frozen Silence

The ROG Strix Series PSUs bring high-end cooling and premium components together for an ultra-quiet high-performance product aimed at core gamers. In terms of cooling, massive ROG heatsinks trickle down from the mighty ROG Thor series and Axial-tech fan design from our premium NVIDIA RTX™ graphics cards also make an appearance. Below the surface, low RDS (on) MOSFETs and premium Japanese capacitors take on power delivery with ease. The result is an incredibly quiet and efficient power supply with the reserves to handle the most intense gaming scenarios.

ROG Heatsinks	Axial-tech Fan Design	Dual Ball Fan Bearings	0dB Technology

ROG Heatsinks
Let it sink in

The integrated ROG heatsinks have 2x more volume than traditional designs, resulting in significantly lower temperatures inside Strix PSUs. This extends the lifespan of components and allows 0dB operation for a longer duration than standard designs. The heatsinks are so effective that fan noise stays whisper quiet, even under full load.

80 PLUS Gold

80 Plus Gold Certification
Heart of gold

Top-end Japanese capacitors ensure efficient operation and have helped the Strix earn an 80 PLUS Gold certification. The increased efficiency also results in less heat, reducing noise and increasing reliability.

Cosmetic Customization
Aesthetic

Getting everything looking right can be a challenging aspect of any setup. The ROG Strix Series PSUs aim to make your life a little easier with a convenient magnetic logo and stickers that help you reskin the visible side to your liking.

4/17/24

Features

ROG Heatsinks

The ROG STRIX Power Supply is equipped with ROG heatsinks to help dissipate heat from internal components. This in turn enables the fan to run slow and generate less noise.

Axial-Tech Fan Design

The Axial-tech fan design features a smaller fan hub, long blades, and a barrier ring to increase downwards air pressure, which helps to keep things cool at low rpms.

Dual Ball Fan Bearings

Dual ball bearing design extends the fan's lifespan for longer user.

0dB Technology

To keep things quiet, the fan is programmed to turn on only after your system reaches 40% TDP.

80 Plus Gold

An 80 Plus Gold certification ensures high efficiency and increased reliability.

Cosmetic Customization

The ROG STRIX comes with a few sets of magnetic stickers that users can attach to the power supply.

Specifications

ASUS STRIX 1000G Specs

Brand ASUS

Series ROG Strix Series

Model ROG-STRIX-1000G

Details

Type	ATX12V
Maximum Power	1000 W
Fans	1 x 135mm Dual Ball Bearing Fan

Main Connector	20+4Pin
+12V Rails	Single
PCI-Express Connector	6 x 6+2-Pin
SATA Power Connector	8
Modular	Full Modular
Energy-Efficient	80 PLUS GOLD Certified
Protection	OPP / OVP / UVP / SCP / OCP / OTP
Input Voltage	100 - 240 V
Output	+3.3V@25A, +5V@25A, +12V@83A, -12V@0.3A, +5VSB@3A
Max PSU Length	160 mm
Connectors	1 x MB 24/20-pin 2 x CPU 4+4-pin 6 x PCI-E 6+2-pin 8 x SATA 6 x Peripheral

Features

ROG heatsinks cover critical components. Lower temps result in a longer lifespan and reduced noise.

Axial-tech fan design features a smaller fan hub that facilitates longer blades and a barrier ring that increases downward air pressure.

Dual ball fan bearings can last up to twice as long as sleeve bearing designs.

0dB Technology lets you enjoy light gaming in relative silence.

Features

An 80 Plus Gold Certification is the result of Japanese capacitors and other premium components.

Cosmetic customization is enabled by a magnetic logo and stickers that help you reskin the visible side to your liking.

Fully modular cables keep your rig neat and tidy.

10-year warranty included.

Dimension & Weight

Dimensions	3.39" x 5.91" x 6.30"
Weight	4.16 lbs.

Package

Package Content

1 x Power Cord
1 x Motherboard Power Cable
2 x CPU Cable 1000mm
3 x PCI-E Cable
2 x SATA Cable
2 x Peripheral

2 x ROG badge
1 x ROG logo magnet
3 x ROG label

*MB/ CPU/ PCI-E cables come with embedded capacitors in the middle.

Additional Information

Brand	ASUS
SKU	ROG-STRIX-1000G
Weight	8.0000
Color	Black
PSU Type	ATX
PSU Style	Modular
PSU Wattage	1000W
PSU Efficiency	80 PLUS Gold
Vendor SKU/EAN	192876845660
