PPCS Wire Management Kit 4 - Pins, Terminals and Connectors - Cable Creation Essentials

$69.95

Product Images

Short Description

Another genuine Performance PC Product! Our Wire Management Kits are the best way to tidy up that rat's nest in your rig. All our kits ensure increased airflow and better looks for your case. At PPCS we offer various wire management kits from simple that just include pins, clamps or zip ties, to deluxe kits that include the proper tools to make your own or take apart your PC cables. All our PPCS Kits will save you quite a bit of

money buying all these parts in a kit versus buying individually. This particular kit would cost you over $80 if you purchased these parts individually! Save money buying our PPCS Wire Management kits!

This is our more deluxe kit of pins, terminals, connectors, and tools! Here is a handy box full of all the most common pins, terminals and connectors used when performing wire management in that new build of yours. Use these pins and terminals to cut and shorten your cable wires thus decreasing clutter and improving air flow in your system. This kit includes all the professional tools you will need to cut, shorten or create most any cable needed for your system. Tools include Deluxe crimper, wire cutters, wite strippers and even pin extraction tools for Molex, ATX or SATA.
