

EK-FC Terminal Angled

\$20.99

Product Images

Short Description

EK-FC Terminal Angled is a replacement connecting link for any EK-FC (Full Cover) water block utilizing FC Terminal type fitting manifold.

Description

EK-FC Terminal Angled is a replacement connecting link for any EK-FC (Full Cover) water block utilizing FC Terminal type fitting manifold. It features two G1/4 ports angled at 45°.

EK-FC Terminal Angled is CNC machined from solid piece of high-grade POM Acetal material.

Specifications

Enclosed:

- EK-FC Terminal Angled
- Allen key 2.5mm
- 2x spare gaskets (OR 15x1)
- Mounting screws

PLEASE NOTE:

- The FC Terminals are not compatible with Original CSQ design full cover water blocks!
- To avoid cracking your EK plexi full cover water block, use only 0.5 - 0.7 Nm of torque force on the terminal screws.
- Do not use excessive force when re-tightening the screws as the threads might get stripped thus rendering the water block useless.

Additional Information

Brand	EK Waterblocks
