Description

Bitspower CPU Block Summit M Pro - Black (12th Gen Intel CPU)

Bitspower Summit M Pro is an efficient solution for Intel CPU water cooling. Including brackets and accessories for Intel platforms, this CPU block is all you'll need to keep your processor from overheating.

In order to make heat exchange as efficient as possible, The copper base plate can effectively dissipate heat. Then, the Bitspower water injection design also brings a high flow of coolant, making cooling as efficient as possible.

We also provide an LGA 1700 backplane, so the 12th generation CPU can be applied to your water cooling system.
