Short Description

Product Details:

Koolance 10mm (3/8") ID quick-disconnect shutoff valve. Male straight connection with compression fitting (will fit any Koolance female shutoff valve).

After a brief twist, the quick-disconnect nozzles will separate. Liquid on both sides will be automatically obstructed with only 1-2mL freed. Nozzles are chrome-plated brass.

After a brief twist, the quick-disconnect nozzles will separate. Liquid on both sides will be automatically obstructed with only 1-2mL freed. Nozzles are chrome-plated brass.

Features

NOTE: Liquid Coolants Koolance's product warranty does not cover the use of 3rd-party coolants, coolant additives, or corrosion. Koolance LIQ-702 or LIQ-705 coolants are strongly recommended to help avoid issues with mixed metals or biological growth. Additionally, do not use aluminum with bare (unplated) copper or bare (unplated) brass in the same system. Do not use silver with nickel in the same system.
