\$13.95

## Product Images

## Short Description

The Bykski G1/4 Aluminum Inline Filter is carefully machined to specifications that enable the user to catch debris with a fine filter.

## Description

---

The Bykski G1/4 Aluminum Inline Filter is carefully machined to specifications that enable the user to catch debris with a fine filter.

The unique design and ease of installation will be the perfect match for your next water cooling system. These fittings should be used inline anywhere in your loop, preferably somewhere accessible to remove and clean.

## Features

---

- G 1/4 thread.
- Easy to Install

## Specifications

---

### SPECIFICATIONS

- Thread: G 1/4
- Material: PMMA / Aluminum

### COMPATIBILITY

- Loop: Aluminum Only
- Fluids: Aluminum friendly, Non Show coolants (no floating particles)

### INCLUDED PARTS

- 1x Bykski G1/4 Aluminum Inline Filter

### WARNINGS

Not compatible with show coolants and fluids with particles.

Over tightening can cause stripping of the threads.

Due to aluminum in contact with the coolant, this filter is only compatible with aluminum loops! Not responsible for any hardware damage. Use at your own risk.
