Short Description

The Alphacool Eiszapfen 16mm off set fitting rotatable G1/4 OT to G1/4 IT is an offset piece with one female thread and one male thread that can be easily integrated into any water circuit.

Description

The Alphacool Eiszapfen 16mm off set fitting rotatable G1/4 OT to G1/4 IT is an offset piece with one female thread and one male thread that can be easily integrated into any water circuit.

Integration made easy

The offset piece is very compact and can be integrated into any water circuit thanks to its G1/4" female and male threads. It is simply screwed to the corresponding G1/4" connections at any position in the water circuit.

Design

The threads are 5mm deep and high respectively, allowing for the very compact design. Thus, the L-connector can be installed very space-saving in the system.

Compatibility:

G1/4" OT/IT connectors
