Short Description

The Alphacool Eiszapfen 20mm L-connector G1/4" OT to G1/4" IT is a 90° elbow with one female thread and one male thread that can be easily integrated into any water circuit.

Description

The Alphacool Eiszapfen 20mm L-connector G1/4" OT to G1/4" IT is a 90° elbow with one female thread and one male thread that can be easily integrated into any water circuit.

Integration made easy

The L-connector is very compact and can be integrated into any water circuit thanks to its G1/4" female and male threads. It is simply screwed to the corresponding G1/4" connections at any position in the water circuit.

Design

The threads are 5mm deep and high respectively, allowing for the very compact design. Thus, the L-connector can be installed very space-saving in the system.

Compatibility:
G1/4" OT/IT connectors
