Short Description

The EPDM tube from Alphacool's Enterprise Solutions series is characterized by its high resistance to acids, bases and external influences and has an exceptional durability compared to conventional PVC tubes. The matt black hose with its subtle velvet look will quickly become an eye-catcher in any water-cooled PC.

Description

The EPDM tube from Alphacool's Enterprise Solutions series is characterized by its high resistance to acids, bases and external influences and has an exceptional durability compared to conventional PVC tubes. The matt black hose with its subtle velvet look will quickly become an eye-catcher in any water-cooled PC.

What is the advantage of EPDM?

Compared to commercially available PVC hoses, Alphacool's EPDM tube is significantly more temperature-resistant and enables working temperatures well in excess of 100 °C. Even at higher water temperatures, the EPDM tube remains dimensionally stable and prevents the tube from warping in places with tighter bending radii or connections. This eliminates the risk of the water circuit leaking or the water flow being obstructed. The high resistance to external influences makes the Alphacool EPDM hose extremely durable and long-lasting.

Installation

The Alphacool EPDM Tube is somewhat more dimensionally stable compared to a PVC tube. Nevertheless, it has excellent pliability and flexibility for effortless assembly even with tighter bending radii.

Connectors The EPDM hose can be used with any hose connector (of the appropriate size) from Alphacool's Icicle or HF series.

Specifications

Technical specifications

Long	1 m
Material hose	Ethylene propylene diene rubber (EPDM, without talc)
color	Matt black
hose size	Ø outside 11 mm / Ø inside 8 mm (tolerances according to DIN ISO 33-02-1 E1)
degree of hardness	80° (± 5°) Shore A
working temperature	-35°C to +120°C

Color:	black
Manufacturer:	Alphacool
UV - color:	Non UV-active
Max. Operating pressure:	4 Bar (at 20°C)
Length:	100cm

Inner diameter: 8mm (5/16")
Outer diameter: 11mm (7/16")
Material: EPDM
Service temperature: -35°C to 120°C

Additional Information

Brand	Alphacool
SKU	AC-18663
Weight	1.5000
Color	Black
Tube Type	EPDM
Tube Size	3/8" x 5/8" (10mm x 16mm)
Material	EPDM
Delivery	Retail Box
Vendor SKU/EAN	4250197186636
Special Price	\$6.25
