

Silverstone Aluminum 5.25 inches to 3.5 inches Bay Converter Kit with 120mm fan Ver 2- Silver

\$44.95

Product Images

Short Description

For people with three excess 5.25" drive bays or more, the CFP51 maybe the best upgrade component available on the market. Designed with light-weight, high quality aluminum as the basis, the CFP51 can convert three 5.25" drive bays into a bracket for four 3.5" hard drives or an air duct for the included 120mm front fan. Finished with cool LED light on the 120mm fan and vibration dampening mounts, it will add not only cool looks to any chassis but also increase performance and capacity.
