Cooler Master MasterFan SF120R ARGB

$44.99

Product Images

Short Description

Introducing Cooler Master MasterFan SF120R ARGB, this is our first MasterFan with a square frame design. The square frame is designed to maximize area coverage and generate high pressure airflow, ideal for all CPU coolers. Compatible with Addressable RGB-enabled PCs, our fans are certified compatible with Asus Aura, ASRock RGB, and MSI RGB.

Description

Introducing Cooler Master MasterFan SF120R ARGB, this is our first MasterFan with a square frame design. The square frame is designed to maximize area coverage and generate high pressure airflow, ideal for all CPU coolers. Compatible with Addressable RGB-enabled PCs, our fans are certified compatible with Asus Aura, ASRock RGB, and MSI RGB. The fan blades draws from both jet engine and helicopter blade designs. The blades propel air farther than the air pressure design while still retaining more static pressure than air flow. SF120R ARGB series is fitted with multiple layers of our exclusive noise reduction technologies to cool your entire case and its components in silence.

Features

ADDRESSABLE RGB COLOR
Addressable RGB that achieves full color customization. Certified Compatible with Asus Aura, ASRock RGB and MSI RGB.

SILENT COOLING TECHNOLOGY
Sound absorbing rubberized padding along with an installed silent driver IC to smoothen fan rotation which reduce vibration and fan clicks.

ARGB HEADER EXTENDER
MasterFan SF120R ARGB comes with an extended Addressable RGB 3 pin plugin so you could connect multiple addressable RGB devices even if your motherboard only has one Addressable RGB header. Also comes with our secure ARGB device connectors to prevent loose pin connections.

HYBRID DESIGN
A combination of both jet engine and helicopter blade designs gives you the static air pressure you need without sacrificing airflow.

SMART FAN SENSOR FOR JAM PROTECTION
Smart fan sensors protect your cables and components from being snagged, damaged, or pulled by your fans. Don't worry about jams damaging your components ever again.

Specifications

Fan Information

- Number of Fans: 1
- Fan Speed (rpm):   2000 rpm
- Fan Bearing Type: Rifle Bearing
- Air Flow: 59 CFM
- Noise Levels: 30 dB(A)
- LED Color: RGB

Interfaces/Ports

- Connectors: 4-pin RGB
- Connectors: 3-pin ARGB

Physical Characteristics

- Fan Diameter: 1 x 120 mm
- Fan Height: 4.72"
- Fan Width: 4.72"
- Fan Depth: 0.98"
- Weight (Approximate):   6.74 oz

Miscellaneous

Package Contents:

- **MasterFan SF120R ARGB Cooling Fan**
- **RGB 3-pin Plugin**

Application/Usage: Case
Application/Usage: Motherboard

Application/Usage: Processor

Warranty

- Limited Warranty: 2 Year

Additional Information

Brand	Cooler Master
SKU	MFZ-B2DN-20NPA-R1
Weight	0.8000
Color	Clear
Fan Dimensions	120mm
Fan Width	25mm
Fan Connection	4-Pin PWM
Fan Voltage	12 VDC
Fan RPM	2000
Fan CFM	62
Fan Noise (dB)	22
LED Color	RGB
Vendor SKU/EAN	884102049453
