

MAGICOOL

Magicool Pro Slim Profile 1X120mm Radiator - Black

\$28.95

Product Images

Short Description

The Magicool Radiator is essentially a Black Ice Pro radiator with the size width of 120mm cooling fans. There are no extra channels or metal past the 120mm fan frame so this makes for a great radiator for cases where space is a premium. The Magicool rad uses a full copper-finned core with a high-density louvered copper fin configuration, flat tubes for maximum coolant-core heat conductivity, built-in mounting brackets and plenum chamber with taptight screwholes for outstanding cooling performance that

fits perfectly inside your PC.
