Short Description

Looking for an external cooling dock with a sleek design? Look no further than this gem by Barrow.

Description

EXWCA

EXWCA External Water Cooling (EXWCA) / EXWCA External Water Cooling

EXWCA

- External cooling
- Multiple configurations
- Modular design
- Easy to install

Product Information

Model Number: EXWCA	Color: Black
Material: Aluminum	Dimensions: 210mm x 144mm x 314mm
Weight: 1.2kg	Power Consumption: 100W
Water Capacity: 1.5L	Flow Rate: 1.5L/min

Multiple models available

*EXWCA-200 can be installed with 200W graphics cards, and
 *EXWCA-300 can be installed with 300W graphics cards.

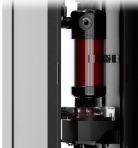

Internal super-large space for cable management

The interior of the cooling system is designed with a super-large open space, which can be used to connect the water pump, radiator, and other components.

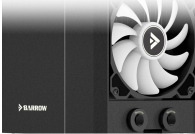

Integrated water pump and water tank

The cooling system is equipped with an integrated water pump and water tank, which can be used to circulate the water in the system.

Convenient tube routing design

The water pump and tank are located at the bottom, which can be used to connect the water pump and tank to the radiator and other components.

SAVES UP LESS DESKTOP SPACE
 The front panel design is compact, which can be used to save space on the desktop.

RADIATOR SHELL BASE
 The radiator shell base is designed with a large area, which can be used to improve the cooling efficiency.

STANDARDIZED SYNCHRONIZATION OF THE FAN
 The fan is designed with a standard synchronization, which can be used to improve the cooling efficiency.
