\$123.99

Product Images

Short Description

EK-Quantum Magnitude Frame Upgrade Kit – AM4 Silver is a replacement/Alternative black mounting frame for EK-Quantum Magnitude AM4 CPU water blocks.

Description

EK-Quantum Magnitude Frame Upgrade Kit – AM4 Black is a replacement/Alternative Silver mounting frame for EK-Quantum Magnitude AM4 CPU water blocks.

The mounting frame is a three-dimensional H-shaped aluminum piece that makes the screws a seamless part of the water block. Strong edges and chamfers root this award-winning icon firmly among the EK-Quantum line. The kit contains all necessary mounting screws, as well as an AM4 insert, and is available in the Silver and Black variants.
