## Short Description

EK-Quantum Vector FE RTX 3090 Ti Backplate - Black is a CNC machined retention backplate made from black anodized aluminum for the EK-Quantum Vector FE RTX 3090 Ti - Special Edition water block.

## Description

## Details

EK-Quantum Vector FE RTX 3090 Ti Backplate - Black is a CNC machined retention backplate made from black anodized aluminum for the EK-Quantum Vector FE RTX 3090 Ti - Special Edition water block.

The backplate covers the backside of the graphics card's PCB and serves as an aesthetic add-on. It provides additional passive cooling for the GPU core, rear-mounted VRAM and backside of the printed circuit board VRM section. Due to the small size of both the card and the water block, the backplate boasts a ribbed design for additional passive cooling power and touches the active part of the water block for true hybrid cooling.

## Specifications

---

Enclosed:

- EK-Quantum Vector FE RTX 3090 Ti Backplate - Black
- Mounting screws
- Thermal pads

Made in Slovenia - Europe!

PLEASE NOTE:

- Only compatible with EK-Quantum Vector FE RTX 3090 Ti D-RGB - Special Edition water blocks

## Additional Info

	Black
	G1/4
	Nvidia GeForce

## Additional Information
