Description

The CORSAIR Hydro X Series iCUE XH5000i RGB PRO Custom Cooling Kit contains all the components you need for your own hard tube custom cooling loop in a CORSAIR 5000 Series case with pre-bent tubing.

Features

PREFABRICATED TUBING

Hardline crystal-clear PMMA tubing already bent to fit perfectly into your CORSAIR 5000 Series case, along

with all the parts you need to cool your CPU and GPU*. Includes spare tubing and all the fittings you will need.

*GPU water block sold separately.

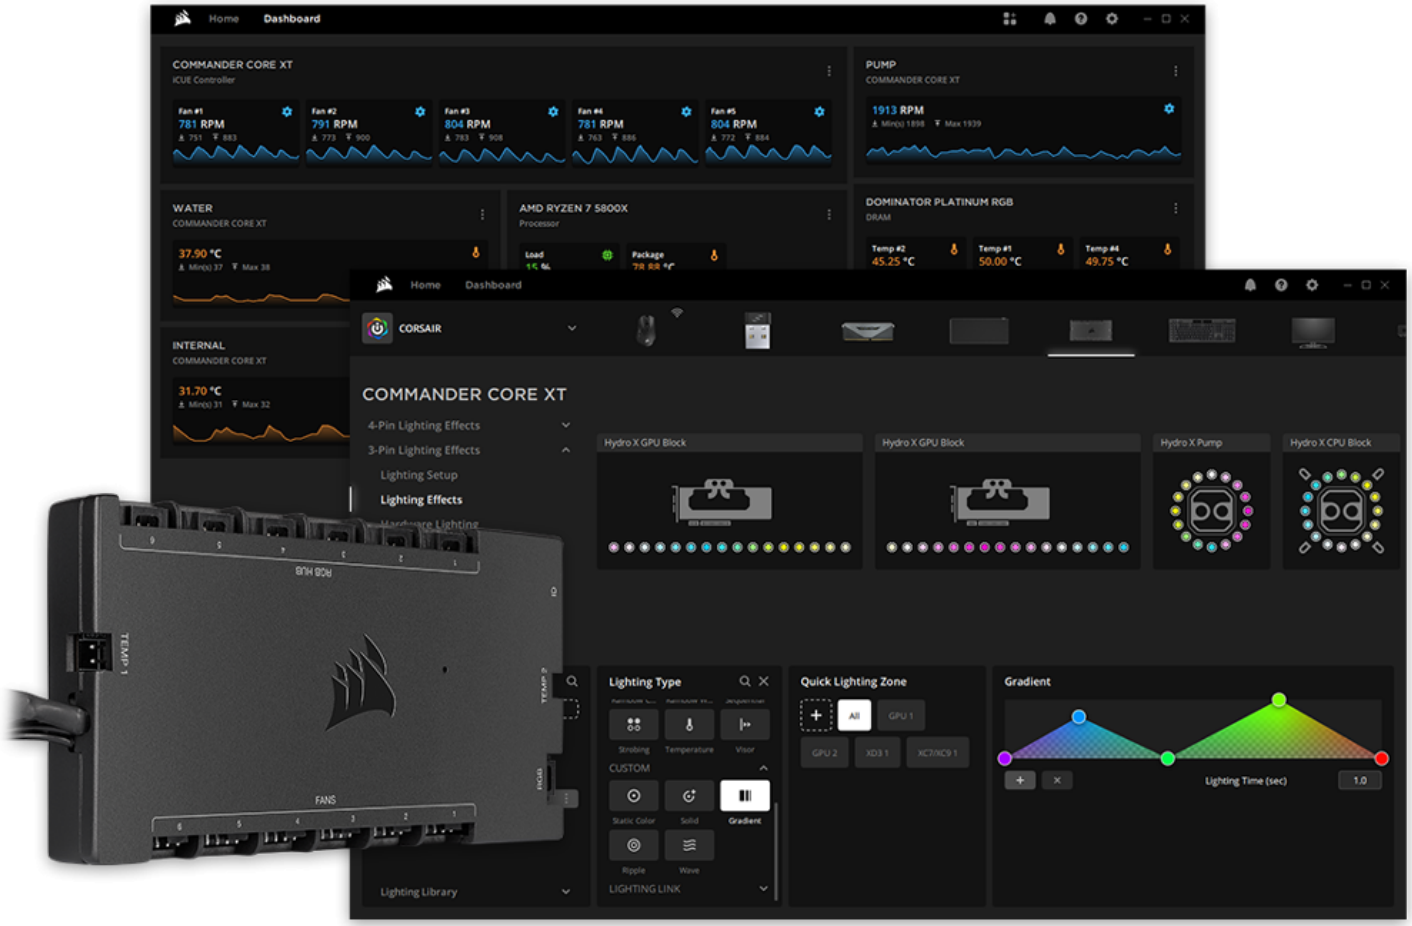
EASY INSTALLATION

Get up and running quickly thanks to pre-bent tubing, pre-applied thermal material and intuitive automated control for your fan and pump speeds with iCUE software.

DYNAMIC RGB LIGHTING

256 Individually addressable RGB LEDs integrated into the CPU water block, pump/reservoir, and cooling fans – controlled via the included iCUE COMMANDER CORE XT and powerful CORSAIR iCUE software – make your PC stand out from the crowd.

An included iCUE controller paired with the powerful CORSAIR iCUE software lets you adjust fan and pump settings while monitoring temperatures.



XD7 RGB DISTRIBUTION PLATE SYSTEM

Powers your loop with an integrated high-performance Xylem D5 pump with a unique and stunning aesthetic, complete with fill, drain, and temperature sensor ports and three pairs of inlet and outlet ports.

XC7 RGB PRO CPU WATER BLOCK

Combines premium construction and extreme cooling performance, compatible with Intel® LGA 1700, LGA 1200 and AMD AM4 sockets.

TWO XR5 360mm RADIATORS

Deliver outstanding heat dissipation with a 30mm-thick radiators and premium copper core.

SIX BRILLIANT QL120 RGB PWM FANS

34 RGB LEDs per fan, split across four distinct light loops create vibrant lighting and visual effects along with powerful cooling.

THE TOOLS YOU NEED

Includes a cutting and bending kit* if you want to further customize your pre-bent tubing, easily installed with the included XF Hardline Fittings and Adapters.

*Heat source not included.

XL8 PERFORMANCE COOLANT

Keeps your loop running clean and cool, pre-mixed with anti-corrosion and anti-bacterial inhibitors.
